

The Ministries of CFC Part V

LOCAL AND WORLD OUTREACH MINISTRIES is a group of ministries dedicated to reaching out into the local and world communities. **Christians in Action** is a group of six ministries which prepare and equip God's people for works of service: **Prison Ministry, Street Ministry, Home Services, Senior Citizens Care, Altar Ministry, and Baptismal Ministry.** A brief description of each ministry follows:

1. Prison Ministry is an outreach to three area correction facilities, which provides ministry and visitation to inmates. **2. Street Ministry** includes witnessing at various locations in the local community, the Jeannette Halloween Outreach, and follow up ministry to new converts and their families.

To pray, encourage, and develop ways to meet needs are the objectives of **3. The Home Services Ministry.** **4. The Senior Citizens Care Ministry** holds church services at the William Penn Nursing Home, a local nursing home in Export. Services are held twice a month for the elderly residents, including worship, preaching the Word and communion for approximately thirty residents. When someone responds to an altar call, a group of members of the **CIA Ministry** provide follow-up support through prayer, literature and other ministry. The individuals who provide this follow up comprise the **5. Altar Ministry Team.** and **6. The Baptismal Ministry** at CFC. If you have never been water-baptized and wish to do so, please contact the church office for further information.

A Second Ministry under the LOCAL AND WORLD OUTREACH ministries is **Jaicob's Ladder.** This ministry was created to support families who are dealing with either a drug or alcohol abuse problem. Using scripture for understanding and applying to daily life issues, individuals can grow together and support one another through this ministry.

The **CFC Missions Ministry** supports local and world missions through offerings and individual contributions. It is dedicated to the "Great Commission" and the salvation of souls from Jeannette to Timbuktu!

Knowledge on Fire is a weekly radio broadcast airing at 6:30 Sunday A.M. on 104.7 FM. Its emphasis is on a passionate, intellectual proclamation of the Gospel and sound, biblical worldview.
